Update dotstar library to 1.1.2

 **dhalbert** released this on Sep 15 · **6 commits** to master since this release

This release includes a significant fix to the dotstar library (1.1.2), especially for use on Trinket M0 and Gemma M0.

The libraries in this release are compiled for both CircuitPython 1.0.0 and 2.0.0. Please download the one that matches your version of CircuitPython.

To install, simply download the latest bundle zip below that matches your CircuitPython version, unzip it, and copy the `lib` folder onto your `CIRCUITPY` drive.

Library releases in this bundle:
